What is pet insurance?

Pet insurance helps you afford quality veterinary care so you can give your pet the best care possible. Pet insurance has 4 increasing levels of protection that can cover your pet for accidents, illnesses, wellness care, ongoing conditions and more.

Why do I need it?

The costs of veterinary care are rising, especially as more sophisticated treatments become available for animals. Pet insurance can help you focus more on your pet's care and less on finances.

How does it work?

It's easy! Take your pet to any vet in the US or Canada and pay for the services. Then fill out a simple claim form and mail, fax, or email it with your receipts. You can track the status of your claims conveniently online at the free Member Center.
